

# PLAYDATE DAY

## Plan a picnic:

Let your children decide what food and snacks to take, as well as what activities everyone can do together.

## Create a treasure hunt:

It will keep them busy for hours!  
The clues will also challenge their thinking skills.

## Game Day:

Games like Monopoly, Twister and Pictionary are always fun to do with friends. Make it more interesting by adding some exciting prizes for the winners.

## Make art:

Let their imagination run wild and paint/draw together.

## Plant a vegetable patch in your garden:

Kids who grow their own vegetables are more likely to actually eat their veggies! Start simple with lettuce or tomatoes.

## Movie Night:

Let the kids choose their favourite movie, and do a random draw to decide which movie they will watch first.

## Camp out in your garden:

Plan a camp out with their friends in the garden, for an awesome night of stargazing and storytelling.

## Baking or Cooking a meal together:

Let the kids decide what baked goods they should make together.
