A tray or plastic box lid

GROW YOUR OWN HERB GARDEN

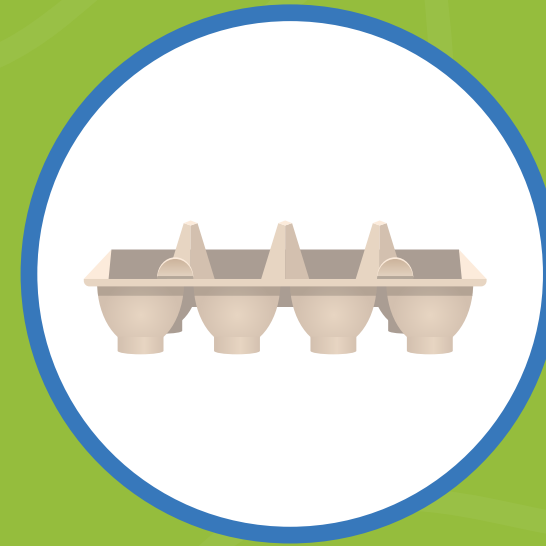

Steps:

1.

Collect a variety of herb seeds like basil, chives or rosemary.

2.

Cut off the top part of the egg carton – we will use the bottom part only.

3.

Fill the egg pockets with soil.

4.

Poke small holes in the soil with your fingers.

Steps:

5.

Plant a few seeds in each hole.

6.

Cover the seeds with a little more soil.

7.

Place the egg carton on your tray and by a north-facing window.

8.

Gently water each morning and watch for your seeds to sprout.
