

**Let's create
invisible ink messages!**

What you will need:

A lemon

A bowl

White paper

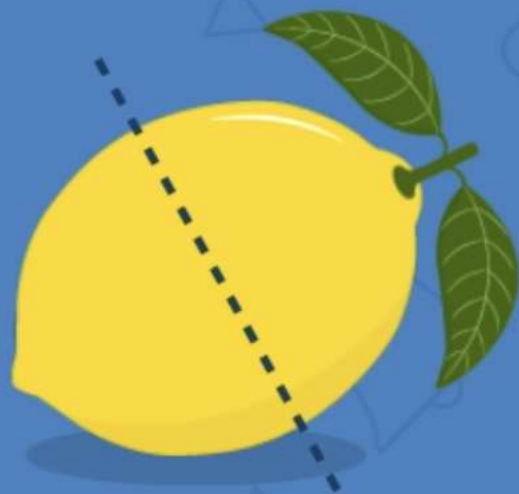

Cotton wool/ear buds

A heat source such as a lamp

Create invisible ink

1. Cut and squeeze the lemon juice into a bowl (requires adult supervision)

2. Dip the cotton wool/ear bud in the lemon juice and write your message on the paper

3. Allow the paper to dry completely

4. To reveal the message, place the paper over a heat source, like a lamp.
