DID YOU KNOW?

Many electronic gadgets like cell phones are replaced every 2-3 years, but guess what? If we fix them, they can last much longer! Fixing them means less potential e-waste, which is good for our planet.

TAKE ON THE CHALLENGE

'E-FUN FOR E-VERYONE'

Do you have old electronics you aren't using anymore?

Don't just throw away old games or tablets - see if a friend could use them, or maybe you can swap them for something cool they have.

Sharing with friends helps give old electronics new life!

WHAT ABOUT LEFTOVER ELECTRONICS?

You can take them to a special recycling bin!
